

"Tetsu-to-Hagané"

Vol. 55, No 14, Dec. 1969

Contents

Foreword

Technology, the Very Basis of DevelopmentKunio SHIBAZAKI...1295

Technical Papers

- Reduction of Iron Oxide Pellets with Hydrogen at High Temperatures
..... Y. HARA, M. TSUCHIYA, and S. KONDO...1297
- Machanism of Gas Evolution of Rimmed SteelK. ASANO and T. SAEKI...1312
- Study on Oxide Inclusions in 18-8 Stainless Steels
..... T. SAITO, I. UCHIYAMA, and T. ARAKI...1329
- Study on Intermitted Cooling of Steel ProductsM. MITSUTSUKA and K. FUKUDA...1342
- Studies on Electrolytic Extraction of Carbides in Iron and Steels.....T. MASUMOTO...1347
- A New Anodic Dissolution Technique for the Isolation of
Precipitates and Inclusions from SteelS. WAKAMATSU...1359

Technical Report

Construction and Operation of Mizushima Iron Works Eiro IWAMURA...1370

Technical Review

- Walking Beam Slab Reheating Furnace
.....Koji KONO, Masami FUJIURA, Kanji GOTO, and Jiro YAMASAKI...1392

Commentary

On the Load Cell for Rolling MillsYutaka YABUKI...1399

Letter to the Editor

- Porous Nozzle for Blowing Gas-Bubbles in Refining of Liquid Iron and Steel
..... K. NARITA and T. MORI...1411

Abstracts..... 1413, Library News..... 1430, Patent Section.....1434
Reports of the 78th ISIJ Meeting, October, 1969..... 1436, Notices to Members.....N241
Proceedings of the Institute.....N253,
