

"Tetsu-to-Hagane"

Vol. 61, No 10, August, 1975

Contents

Foreword

Reflection on Engineering Education.....Yasuhiro MOROOKA.....2319

Technical papers

- The equilibrium between sulphur in molten iron and H_2 - H_2S gas mixture
..... S. IKADA, S. HAYASHI, and T. UNO...2321
- Effects of Boron, Chromium, Molybdenum, Niobium, Tantalum, and
Tungsten on the Activity Coefficient of Manganese in Liquid Iron Alloys
..... K. MUKAI and T. TAGAMI...2328
- Effects of Rolling Condition to the Surface Temperature of Work
Roll in Hot Strip Mill.....Y. SEKIMOTO, M. TANAKA, R. SAWADA, and M. KOGA...2337
- Effect of Hot Bond Heat Treatment on Planar Anisotropy of r Value of
Titanium Stabilized Steel..... T. MATSUOKA and M. TAKAHASHI...2350
- Metallurgical Investigations on Continuous Annealing of Low-carbon Capped-steel Sheets
..... K. TODA, H. Gondoh, H. TAKECHI, M. ABE, N. UEHARA, and K. KOMIYA...2363
- Effect of Discontinuous Change in Cooling Rate During Continuous
Cooling on Pearlitic Transformation Behaviors of Steel. N. SHIMIZU and I. TAMURA...2375
- Effect of Aluminum Coating on Corrosion Resistance and Creep Rupture
Properties of Heat Resisting Alloys in Fuel Oil Ash Corrosion Environment
..... O. MIYAGAWA, M. YOSHIBA, T. KOJIMA, and D. FUJISHIRO...2391
- Alloy Design of Solid Solution Strengthened Nickel-Base Superalloy
.....R. WATANABE, Y. CHIBA, and T. KUNO...2405
- The Microstructure During High Temperature Aging of 25%Cr-28%Ni
Austenitic Steels Containing Both Molybdenum and Nitrogen
—Consideration of Metallographic Factors Contributing to the
Increase of Creep Rupture Strength— S. WAKITA, M. KIKUCHI, and R. TANAKA...2418
- Effect of Molybdenum Addition on the Age-hardening Behaviours and
Mechanical Properties of Fe-9%Ni-4.5%Mn Martensitic Alloy
..... M. YODOGAWA, T. SUZUKI, and M. TANAKA...2433
- Study on Aging Processes of Maraging Steels by Internal Friction
Measurement.....H. SHIRAISHI and T. ARAKI...2447
- Aging of 1% Cu-3% Ni-1% Al Steel..... T. WATANABE...2456
- Electron Diffraction on Strained Cementite in Steels
.....A. INOUE, T. OGURA, T. MASUMOTO, and Y. IMAI...2467
- Analysis of the Noise and Improvement of the Flaw Detecting Ability
on the Eddy Current Flaw Detector for Hot Wire Rod
..... K. WATANABE, A. TAKENOUCI, M. UTSUNO, and H. INAMORI...2478
- On the Extraction of Large Inclusions in Steel by Slime Method and Classification
According to the Size..... Y. YOSHIDA and Y. FUNAHASHI...2489

Technical Review

Mechanical Properties of Metals and Alloys at Cryogenic Temperatures
.....Eiji FUKUSHIMA...2501

Abstracts.....2514, Library News.....2520, Notice to Members.....N133
Proceedings of the Institute.....N142

Overseas membership: Annual charge: ¥6000 (incl. postage), Initiation fee; ¥600
